

## AMU Morasko Campus: Venue of PLM2015

### Access by public transport

Tram lines no. **12, 14, 15** and **16** will take you from the city centre to the **os. Sobieskiego** tram terminus, marked on the map above. Journey time from central Poznań is generally less than 20 minutes. At peak times, two extra services (lines 19 and 20) are also available. From the terminus, cross the street, turn left, and walk across the railway line and along the bike and foot path (see map) for about 650 metres. The Political Science and Journalism building is the second one you reach within the AMU Morasko Campus.

For travel to the **party at the Bazaar Hotel** from the campus, use **line 16** and get off at **Marcinkowskiego**.

Public transport **tickets** can be obtained at the tram terminus and adjacent bus station, both from staffed points of sale and ticket machines. There are ticket machines at some stops in the city centre, as marked on the Google map on the PLM website. These accept coins and banknotes as well as major credit cards. For each ride to the campus, you will need a 4.60 PLN paper ticket which is valid for 40 minutes. (A 10-minute paper ticket that can be usable within the city centre is 3.00 PLN.) These paper tickets need to be “cancelled” (i.e. stamped) in dedicated yellow (not orange) machines immediately upon boarding your tram. To save some hassle, you can use a 72-hour ticket priced at 27.00 PLN that needs to be cancelled only once. Note that only some trams have ticket selling machines on board, and you should not rely on these being available.

Generally reliable **journey planning** is available at <http://poznan.jakdojade.pl/>. A web application and mobile apps for all operating systems are offered.

### Access by car/taxi

Drive about 7 km north from the city centre along Mieszka I and Szeligowskiego streets. In front of a Tesco supermarket (see map), turn right onto Opieńskiego, then left onto Umultowska, and finally left-then-right-then-left onto the Campus. Journey time from central Poznań is about 25+ minutes in good traffic conditions. Note that there is a level railway crossing on Umultowska which can cause delays if closed.
